## JUST SOME THOUGHTS FROM DAVID!

I was a true blessing to be with you in worship yesterday!

As of this writing, I still do not have my lymph node biopsy results. I will keep you informed each step of the way.

Thanks to all for your prayers, phone calls (please keep holding back on these as much as possible), cards and other modes of support.

I particularly liked the card I received from Sharon and Dan Scurlock:

"Look at it this way...  
Without these trials,  
Testing of your faith,  
Working of patience  
and fighting the good fight...  
...Life could be boring!"

I am looking forward to a more boring time. :-)

In my sermon yesterday, I shared some excerpts from an article by Paul Kalathani, "How Long Do I Have Left." Paul is a 36 year old medical doctor who has been diagnosed with lung cancer. The main sentences of the article worth sharing here are:

" I began to realize that coming face to face with my own mortality, in a sense, had changed both nothing and everything. Before my cancer was diagnosed, I knew that someday I would die, but I didn't know when. After the diagnosis, I knew that someday I would die, but I didn't know when. But now I knew it acutely. "

## We're making history!

*Recognize anyone?* These two teens of WHBC fame still attend occasionally as adults. February's long ago greeters were Brian Weed and our own Mike Shirley. In case you missed it, Clara White was January's historic person.

*Keep guessing!  
The bicentennial is coming!*
